Hey Alex – Great work yesterday. Attached, please the QFRs from your hearing. We have taken the first step at providing draft responses to each question to help you with the process. Please take a particular look at questions 42 and 43 from Senator Rounds. He asks specifically about your experience with PFAS and we want to make sure you are able to succinctly capture your work to date. I've included the team in case you have any questions or need support.

As mentioned, the timeline is incredibly tight. Please provide your feedback by **11:30 this morning** so we can get it through the review process. Thank you in advance!

Best,
Tony
